

FREE "Math Edge" Class and Party June 4th, 2016

Think math can't be engaging AND fun? We're offering a FREE math class to give families a taste of our kid-preferred Math Edge program. It will have your kids asking for more math!

In Math Edge, children will have a blast:

- Increasing math proficiency, accuracy and fluency through kid-friendly activities
- Working independently to build confidence and self-reliance
- Engaging in group 'Brain Boosting' activities that help hone in on problem solving skills
- Working hard and achieving goals (earning fun rewards along the way)

Interested in attending?

Please RSVP by June 3rd or by calling 817-557-6333

Summer Camp 2014

Sylvan Summer Camps

Only \$199 each
Or 2 for \$350.00

Camp Descriptions:

Addition & Subtraction Fact Camp

- A fun approach for your child to improve understanding of basic addition & subtraction skills, while increasing speed & accuracy.

Reading for Understanding

- A fun approach for your child to improve key vocabulary & comprehension skills both individually and within integrated text.

Multiplication & Division Fact Camp

- A fun approach for children to improve understanding of basic multiplication & division facts, while increasing speed & accuracy.

Writing Camps

- Your child will have fun engaging in different roles as authors, while practicing & improving writing skills.

Fraction Action!

- A fun approach for your child to improve understanding and gain confidence working with fractions.

Early Reading Skills

- A fun approach for your child to improve key skills needed to be a fluent reader by practicing sight words, decoding skills, and reading text.

Read Ahead

- A fun approach for your child to build early reading skills by working with letters and listening comprehension skills.

Solve This!

- A fun approach to helping your child become a confident, analytical thinker and problem solver.

Fit 4 Algebra

- Your child will cover key math concepts needed to be successful in algebra. These skills will be covered in a fun, interactive, hands-on approach.

Setting Yourself Up for Success!

- This camp will help your child set goals and get a plan together for having an organized and productive school year. We will discuss how to prioritize tasks as well as organization & time management skills.

Sylvan has **OVER 30 Years** of
